

# G-20 [MATHS]

## India's Largest UPSC Mathematics Optional Fraternity

\*\*\*\*\* INFORMATION PDF \*\*\*\*\*

### 1. INTRODUCTION TO MODULE-WISE G-20 [MATHS] INITIATIVES

- There was continuous demand from many sincere Group members who cannot afford coaching classes or due to lack of time they want to prepare Mathematics Optional by **self-studies**. Due to many factors, they lack proper guidance and strategy, hence unable to cover any topic with confidence.
- To save you from the chaos of random preparation and flood of materials (available online and offline) and to make you follow a proper targeted schedule, we have planned self-study based innovative and effective strategy to cover Mathematics Optional in comprehensive, exhaustive and time bound Manner by focusing on individual guidance and mentorship.

*(We have similar Module wise program for GS as well).*

- ***Please note that this is not a video course or crash course. It is primarily based on self-study based mentorship & guidance program. However, you may be provided links to useful videos for some difficult topics.***

This is a paid program with module fee of Rs.1000 spanning over 2 to 3 weeks (An overall 10% discount for old/current G-20 Members)

## 2. FOR WHOM THIS INITIATIVE WILL BE USEFUL?

- i. This program is designed mainly for **Beginners**, who have just started their preparation and want to finish syllabus well in time. In any module we start the topic from scratch and cover it comprehensively to reach upto a level where one can solve actual upsc PYQs comfortably.
- ii. This initiative will be highly beneficial for **working professional** who lack time and unable to join traditional coaching classes. Here, you will be guided for what to read and what to skip in a topic, so that you get optimum output for minimal efforts you put in.
- iii. This initiative is best opportunity for **those who have covered significant portion of syllabus already** but want to consolidate it through daily targeted approach. You can join a particular UNIT module of your choice.

## 3. WHAT THIS MODULE DOES NOT COVER? WHO SHOULD NOT JOIN IT??

- i. We do not have any magic stick, you will be required to put your hardwork. We can only guide you, assist you and walk with you, but cannot cover the journey in place of you.
- ii. It is not a video course or crash course. It is daily target based self study program. We assist you in providing daily targets, best reading material, doubt solving and pyq solutions.  
(though we will be posting links of relevant videos for difficult topics)
- iii. This module is not suited for students who are already taking coachings as you will be required to follow our G-20 maths module schedule strictly.

#### 4. SO, WHAT IS THE PLAN? HOW MODULE-WISE G-20 [MATHS] INITIATIVE WILL WORK?

- i. You will be given a daily targeted & meticulously designed schedule for a particular Module (Unit) in advance. We will follow standard books [mainly JP publications] for covering the syllabus, you can follow your own preferred books/notes also but make sure that you cover the topics given in the daily targets.
- ii. You will be required to cover topics of daily target, which will take **2 to 3 hours**. (For detailed day-wise plan, refer to schedule of the module).
- iii. Daily Practice questions and PYQs will be posted so that you can make sure that you are covering the syllabus to the point. A lot of Questions are repeated directly or indirectly in Maths Optional.
- iv. You will get solution compilation of last 15 years PYQs towards the end of the module.
- v. Once we finish a module, there will be a **full length test** to know your progress, weak & strong areas.
- vi. All communication and sharing of material will take place on Telegram. You will be added to a **dedicated private telegram group- G-20 (Maths), created for that particular module**.
- vii. Our focus is solely on quality and not on quantity, so Group strength will be kept limited, so that personal queries can be addressed in an effective manner.
- viii. There will be weekly zoom session or youtube live to resolve general queries and difficulties, strategy & group discussion.
- ix. If you register for a module, you will be added to our private telegram group G-20 [MATHS] for that particular Module for daily targeted practice, Module test and doubts discussion having limited number of dedicated and equally motivated aspirants and mentors.

## 5. WHAT IS EXPECTED FROM YOU?

- i. It will take 2 to 3 hours on an average to cover the daily targets given for a particular module, Monday to Saturday.
- ii. It is expected that you will maintain the flow and continuity in completing the daily targets.
- iii. You will also be expected to behave like officers from the time you register for any module. It means you will act in a responsible and matured way following all the instructions and guidelines of G-20 [Maths/GS] Group issued from time to time.

## 6. WHY IT IS A PAID INITIATIVE, WHY NOT FREE?

*A nominal contribution amount of Rs.1000/- is fixed to register for a particular module.*

*(An overall 10% discount for old/current G-20 Members).*

Our all other 15-20 G-20 services are fully free, which includes weekly test series, G-20 maths google drive, one to one counselling, various telegram groups and channels for maths, forestry, geology, prelims, mains and other ifs optionals.

We have kept only nominal charges for these sectional maths/gs modules to recover only functional cost of these initiatives. It helps us in maintaining the quality, regularity and dedication for these initiatives.

PSYCHOLOGICALLY, IT IS A FACT THAT YOU DERIVE MORE BENEFITS OUT OF A PROGRAM IF YOU HAVE PAID FOR IT.

Also, *we want to make sure that only those students get associated with G-20 Initiatives who are very sincere towards their Goal.*

## 7. WHEN IS IT STARTING & HOW TO ENROLL FOR IT?

- For upcoming G-20 modules/initiatives, visit our website [www.g20maths.com](http://www.g20maths.com) and Telegram Group @UPSC\_MATHS.
- To maintain the quality, there is a limitation on the number of seats in a module. So, for registration *we follow the principle of first come, first served.*
- In case you have any specific doubt or if you want to register for any Module, You can contact [t.me/dehradun\\_fri](https://t.me/dehradun_fri) or [t.me/kumar91gopi](https://t.me/kumar91gopi) (admins) over telegram (download telegram app if u don't have it). If you wish to speak to us over phone, drop a message for the same in telegram. You can send your query through email on [g20maths@gmail.com](mailto:g20maths@gmail.com)
