If there are no teachers available then why unacademy is fooling students. Kindly pay attention to my query sir.</p> 	will ask the management to look into this.

## “RAFTAAR” TAG MEANS

- ⦿ Only HARDCORE UPSC-Prelims oriented preparation.
- ⦿ PhD intellectualism will neither be taught, nor I'll entertain such questions from students.
- ⦿ If I do not teach a topic, it means it is either
- ⦿ Topic Not important for exam – because 1) technical/BizGK 2) ball by ball commentary 3) PHD 4) Outdated for 2023 5) out of fashion in latest exam trend
- ⦿ Topic Maybe little bit important, but poor cost benefit in terms of amount of time invested to learn it versus the probability of getting asked in real Prelims.
- ⦿ Topic Maybe important for Mains but not for prelims
- ⦿ Topic is still in the nascent / developing stage, and I'm waiting for the next budget and economic survey or govt / parliament / courts to give the final verdict about it.

## Old Batch Student: shd I sit here in PCB9-RAFTAAR?

No need to sit again. simply come in free series Win23 in feb-2023 to get updates on budget/economic survey and other Current affairs in economy etc.

- It's not possible for me to translate entire handout in hindi due to time and manpower constrains.
- So only important term's hindi translation given for Mains.
- If you wish to cultivate more vocabulary for Hindi economic terms then go for class10, class11 NCERT economy books in Hindi medium.
- Similarly, you may read Economic survey, Yojana, Kurukshestra magazines (You don't have to read them page by page. How to read them is explained in the first lecture)

# Economy quiz- poor score

Watch this Video for reasons behind poor score in quiz:

<https://www.loom.com/share/c86d3597b8e144d5a5163910dbdcf2a4>

- It takes some time to get used to the way MCQs are formed in UPSC. It basically involves changing of certain keywords and going to elimination method. Once you get a hang of it becomes very fast to tick or skip the answers.

The infographic is titled "how is economy knowledge tested in MCQs of UPSC". It lists four common mistakes with corresponding icons and a summary at the bottom.

- 1** FACTS: Give wrong ownership/structure e.g. BBB ka boss is not RBI Governor.
- 2** FACTS: Give wrong feature of the scheme / product / law. e.g. no tax on IIB.
- 3** FACTS: Give wrong "size / number". e.g. NIIF Rs.4lcr.
- 4** FACTS: Give wrong causal relationship e.g. inflation vs repo

A lightbulb icon is placed next to reason 4. A person holding a STOP sign is shown on the left, with a bracket underneath the first three reasons pointing to a summary box.

**Summary:**

- not necessary that each of above statement is wrong.
- but if you have the fact/concepts memorized, you can arrive at right answer with less errors
- ...by becoming more alert while reading above sentences.

- Those getting poorer scores are because
  - a) Not revising properly → Then solution is obvious =you have to revise more
  - b) Overthinking / Birbal ki Khichdi/engaging in hairsplittery/lawyer-LLB type mentality/ thinking outside the photo frame.
  - c) Not reading the words carefully

- d) Silly mistakes like Incorrect statement is asked but they are taking the correct statement
- e) Mind is stuck elsewhere in WhatsApp Telegram Netflix , fight with siblings/parents, love affairs & breakups. so person is reading the handout / MCQ but he/she's not absorbing it properly.
- I am sure you will do well. Just focus on the lecture, revise the handouts and give the weekly Tests in regular fashion and rectify mistakes.
- When the first four pillars are over you will automatically see the big picture how everything fits together in the whole syllabus.
